

Website Maintenance Proposal for <https://rpem.eu/>

Prepared by: Yogesh Kumar/Vision Ranking (www.visionranking.com)

Date:20-11-2025

Introduction

This proposal outlines our approach to providing comprehensive website maintenance services that ensure RPEM's online presence remains professional, user-friendly, and up-to-date. Our goal is to support the continued functionality, security, and performance of the website, reflecting the company's mission and expertise..

1. Website Monitoring and Maintenance

- **Uptime Monitoring:** Continuous monitoring to ensure the website remains online.
- **Performance Monitoring:** Regular checks on page load speeds and resolving performance bottlenecks.
- **Broken Link Checking:** Identifying and fixing broken internal and external links.

2. Security and Updates

- **Software Updates:** Updating the website's CMS (e.g., WordPress), plugins, and themes to the latest versions.
- **Security Patches:** Applying necessary patches to protect against vulnerabilities.
- **Malware Scanning and Removal:** Regular scans for malware or suspicious activity and prompt resolution if detected.
- **SSL Certificate Monitoring:** Ensuring SSL certificates are active and functioning correctly.

3. Backup and Disaster Recovery

- **Scheduled Backups:** Daily, weekly, or monthly backups of the website's files and database.
- **Backup Storage:** Storing backups securely on cloud storage.
- **Disaster Recovery:** Prompt restoration of the website in case of downtime or data loss.

4. Content Updates and Management

- **Content Uploads:** Adding or updating text, images, or videos as provided by RPEM.
- **Design Adjustments:** Minor design changes to keep the site visually fresh.
- **Blog Management:** Posting blog articles and optimizing them for readability and SEO.

6. User Experience Enhancements

- **Navigation Checks:** Ensuring smooth and logical navigation across all devices.
- **Form Testing:** Verifying that all forms, such as contact or inquiry forms, are functional.
- **Accessibility Review:** Making sure the website is compliant with accessibility standards.

7. Reporting and Consultation

- **Monthly Reports:** Providing detailed insights on performance, updates, and issues resolved.
- **Consultation Calls:** Regular discussions to understand RPEM's needs and plan updates or enhancements.

Website **Maintenance** cost for 1 year
500

USD

Why Choose Us

1. **Expertise in Website Maintenance**

With a proven track record of managing and maintaining websites across various industries, we bring the expertise required to ensure RPEM's site operates seamlessly.

2. **Tailored Solutions**

Our maintenance approach is customized to align with RPEM's specific needs, ensuring that updates, optimizations, and security measures are implemented effectively.

3. **Proactive Monitoring and Support**

We provide round-the-clock monitoring to address potential issues before they impact the website. Our team is always available to assist with updates or resolve technical challenges promptly.

4. **Commitment to Performance and Security**

We prioritize website speed, uptime, and robust security measures to safeguard RPEM's online presence against potential threats.

5. Transparent Communication

Regular reporting and clear communication ensure you are always informed about the status of your website and the maintenance work we carry out.

Next Steps

We look forward to the opportunity to partner with RPEM. Please review this proposal and reach out with any questions or adjustments.
